

Proactive Cartel Detection in Turkey

Kürşat Ünlüsoy
Senior Competition Expert

Monitoring Media & Trade Press

- The main method to detect cartels
 - Monitoring via a specialized media monitoring firm
 - A few cartels were detected as a result
- 

Liaison with Other Agencies

- Domestic Liaison
 - The protocol with Public Procurement Authority
 - Cooperation with public prosecutors
- International Liaison
 - MOU with competition authorities of Korea, Bulgaria, Portugal and Romania

Education and Outreach

- Media coverage and press releases
 - Training programs
 - Joint activities with chambers of commerce, industry, and other business associations
 - “Competition Letter” in 2009 and 2010
 - Seminars, conferences, and other public events
 - Website of the TCA
- 

Other Proactive Methods

- Analysis of previous cartel cases
 - Market/economic analyses
 - These methods are less successful than other proactive methods in cartel detection so far
