Any question should be addressed preferably via e-mail : controle.concentrations@autoritedelaconcurrence.fr</p>

3. Covered transactions

<p>A. Definitions of potentially covered transactions (i.e., concentration or merger)</p>	<p>According to article L430-1 of the commercial code, a concentration arises in the following cases :</p> <p>1° Merger of two or more previously independent firms. 2° Acquisition of direct or indirect control by one or several companies of the whole or parts of one or several companies. 3° Creation of a joint-venture performing on a lasting basis every function of an autonomous activity.</p>
<p>B. If change of control is a determining factor, how is control defined?</p>	<p>Control is defined as the possibility of exercising decisive influence on an undertaking. All factual and legal circumstances (shares, contracts) are taken into account to define such an influence.</p>
<p>C. Are partial (less than 100%) stock acquisitions/minority shareholdings covered? At what levels?</p>	<p>Minority shareholding may be covered depending on the actual control it confers to the owner. There is no set level.</p>

(see the communication of the European Commission JO C 66 of 2.3.1998 page 1).</p>

ventures)?

4. Thresholds for notification

A. What are the general thresholds for notification?	The combined aggregate worldwide turnover of all participating companies must be above Euro 150 million and the domestic turnover of at least two participating companies must be above Euro 50 million each. To be notified in France, the merger must not fulfill the European criterion for notification to the European Commission. For mergers in the retail sector, thresholds are respectively Euro 75 and 5 million. The same thresholds also apply for mergers in overseas departments.
B. To which entities do the merger notification thresholds apply, i.e., which entities are included in determining relevant undertakings/firms for threshold purposes? If based on control, how is control determined?	<p>The entities included in the calculation of the merger notification thresholds are :</p> <ul style="list-style-type: none"> • The acquired entity. • The whole group of the acquiring entity. <p>The methodology used is described in the communication of the European Commission (JO C 66 of 2.3. 1998, page 14)</p>
C. Are the thresholds subject to adjustment: (e.g. annually for inflation)? If adjusted, state on what basis and how frequently.	There is no regular adjustment.
D. To what period(s) of time do the thresholds relate (e.g., most recent calendar year, fiscal year; for assets-based tests, calendar year-end, fiscal year-end, other)?	The thresholds relate to the last closed financial year for which the accounts have been audited. If there has been a significant change in the size of the company meanwhile (e.g. a previous merger), then different figures may be used. The French authority bases its analyses on the communication of the European Commission (JO C 66 of 2.3. 1998, page 25, especially points 25 to 27).
E. Describe the methodology for identifying and calculating any values necessary to determine if notification is required, including the value of the transaction, the relevant sales or turnover, and/or the relevant assets?	<p>The French law refers to the EC Merger Regulation (article 5). The notification requirement is based on turnover which is calculated according to the communication of the European Commission (JO C 66 of 2.3. 1998, page 25).</p> <p>See, Guidelines on the assessment of concentrations (20 October 2000). Guidelines are available on the web site : http://www.autoritedelaconurrence.fr</p>
F. Describe methodology for calculating exchange rates.	The French Authority uses the rules set down in the communication of the Commission (JO C 66 of 2.3. 1998, page 25, points 49 and 50)
G. Do thresholds apply to worldwide sales/assets, to sales/assets within the jurisdiction, or both?	Both are relevant.

<p>H. Can a single party trigger the notification threshold (e.g., one party's sales, assets, or market share)?</p>	<p>No.</p>
<p>I. How is the nexus to the jurisdiction determined (e.g., sales or assets in the jurisdiction)? If based on an "effects doctrine," please describe how this is applied. Is there a requirement of local presence (local assets/affiliates/subsidiaries) or are import sales into the jurisdiction sufficient to meet an "effects" test?</p>	<p>The concentration must have domestic effects, which are assessed by the national threshold. No requirement of local presence.</p>
<p>J. If national sales are relevant, how are they allocated geographically (e.g., location of customer, location of seller)?</p>	<p>The relevant criterion is the location of the customers (see the communication of the Commission, JO C 66 of 2.3. 1998, page 25, points 45 to 48).</p>
<p>K. If market share tests are used, are there guidelines for calculating market shares?</p>	<p>Non applicable.</p>
<p>L. Are there special threshold calculations for particular sectors (e.g., banking, airlines, media) or particular types of transactions (e.g. joint ventures, partnerships, financial investments)?</p>	<p>Yes, for insurance and bank companies, as set in the communication of the Commission (JO C 66 of 2.3. 1998, page 25, points 53 to 61).</p>
<p>M. Are any sectors excluded from notification requirements? If so, which sectors?</p>	<p>No</p>
<p>N. Are there special rules regarding jurisdictional thresholds for transactions in which both the acquiring and acquired parties are foreign?</p>	<p>No, a concentration involving foreign companies is subject to notification, as long as it reaches the turnover thresholds.</p>
<p>O. Does the agency have the authority to review transactions that fall below the thresholds?</p>	<p>No, however, the Authority might ask for referral under article 22 of the merger EU regulation (139/2004). The European Commission did accept several times to examine mergers referred by France as a result of the potentially damaging effects on the French markets, though these operations falling below the thresholds. See for instance EU case Omya/JM Huber M376.</p>

5. Notification requirements and timing of notification

<p>A. Is notification mandatory pre-merger?</p>	<p>Yes, (articles L430-3 and L430-4 of commercial code).</p>
<p>B. Is notification mandatory post-merger?</p>	<p>All concentrations subject to notification have to be notified before they are completed and may not be completed until they have been cleared. If a concentration is completed without notification, the Minister may impose a fine and will request that the parties notify it.</p>
<p>C. Can parties make a voluntary merger filing even if filing is not mandatory? If so, when?</p>	<p>No specific provision.</p>
<p>D. What is the earliest that a transaction can be notified (e.g., is a definitive agreement required; if so, when is an agreement considered definitive?)?</p>	<p>Filing may be made at any time once the parties are in a position to notify a project that is sufficiently well advanced, and in particular when they have entered into a gentlemen's agreement or signed a letter of intent, or after the publication of the purchase or exchange offer.</p>
<p>E. Must notification be made within a specified period following a triggering event? If so, describe the triggering event (e.g., definitive agreement) and the deadline following the event. Do the deadline and triggering event depend on the structure of the transaction? Are there special rules for public takeover bids?</p>	<p>There is no specified period to file the notification, as long as it is filed once parties can demonstrate a good faith intention to conclude an agreement (or in the case of a public bid, where they have publicly announced an intention to make such bid) and the transaction is not implemented before the decision of the Authority. There are special rules for public takeover bids.</p>
<p>F. Can parties request an extension for the notification deadline? If yes, please describe the procedure and whether there is a maximum length of time for the extension.</p>	<p>Non applicable</p>

--	------------------------

7. Documents to be submitted

A. Describe the types of documents that parties must submit with the notification (e.g., agreement, annual reports, market studies, transaction documents). Attached documents in English are usually accepted (for other languages, a consultation of the staff is necessary)

9. Review periods

A. Describe any applicable review periods following notification.

An initial examination phase of 25 working days starts as soon as the notification has been accepted (i.e has been recognized as complete by the Authority). A 15 working days extension time is provided to allow for assessment of proposed remedies. Then the minister of economy has 5 days to request for an in depth analysis. If the transaction may affect competition, the Authority conducts an in-depth analysis. The review period is 65 working days and can be extended by 20 working days if commitments are received less than 20 days before the end of the initial review period. Then the minister of economy has 25 working days to reform the Authority 's decision for other concerns than competition ones.

<p>B. Are there different rules for public tenders (e.g. open market stock purchases or hostile bids)?</p>	<p>As regard public tenders, the suspension applies to use of rights attached to the shares exchanged, but does not prevent the exchange of the shares.</p>
<p>C. What are the procedures for an extension of the review periods, if any (e.g., suspended by requests for additional information, suspended at the authority's discretion or with the parties' consent)? Is there a statutory maximum for extensions?</p>	<p>Besides the already mentioned extension for commitments, the parties can ask for an extension of no more than 15 working days. If an in-depth analysis is undertaken, the parties can ask for an extension of 20 working days. If a merger is completed without notification, the Authority may impose a fine and will request that the parties notify it.</p>
<p>B. Can parties request a derogation from waiting periods/suspension obligations? If so, under what circumstances?</p>	<p>If the parties put forward major reasons for allowing the closing (e.g firms under judicial review), the Authority may grant a derogation from prohibition of putting a merger into effect before final decision.</p>

<p>C. Are the applicable waiting periods/suspension obligations limited to aspects of the transaction that occur within the jurisdiction (e.g., acquisition or merger of local undertakings/business units)? If not, to what extent do they apply to the parties' ability to proceed with the transaction outside the jurisdiction? Describe any procedures available to permit consummation outside the jurisdiction prior to the expiration of the local waiting period and/or clearance (e.g. request for a derogation from the suspension obligations, commitment to hold separate the local business operations, escrow agents.)</p>	<p>The waiting period is applicable to the merger as a whole.</p> <p>There are no specific provisions dealing with the possibility of closing the transaction outside the French territory only.</p>

<p>F. Describe any procedures for obtaining early termination of the applicable waiting period/suspension obligation, and the criteria and timetable for deciding whether to grant early termination.</p>	<p>None.</p>
<p>G. Describe any provisions or procedures allowing the parties to close at their own risk before waiting periods expire or clearance is granted (e.g., allowing the transaction to close if no "irreversible measures" are taken).</p>	<p>None.</p>

11. Responsibility for notification / representation

A. Who is responsible for notifying – the acquiring person(s), acquired person(s), or both? Does each party have to make its own filing?	<p>The acquiring person is responsible for notifying. The nature of decision eventually made by the Authority is also made public within 5 days. The text of the decision is made public within a few weeks.
B. Do notifying parties have access to the authority's file? If so, under what circumstances can the right of access be exercised? In phase 2, parties have access to all documents on which the Authority bases its decision.

15. Sanctions/penalties

<p>A. What are the sanctions/penalties for failure to file a notification and/or failure to observe any mandatory waiting periods/suspension obligations?</p>	<p>Violations of the prohibition of putting a concentration into effect before a decision of the Authority can be punished by imposing a fine of to 5% of the turnover made in France.</p>
