

Unilateral Conduct Workshop – Prague, Czech Republic

April 15-17, 2026 i

Dear ICN UCWG Members,

The **ICN Unilateral Conduct Workshop 2026** will be hosted by the Office for the Protection of Competition of the Czech Republic and will take place in **Prague in April 2026**. The workshop will explore a wide range of topics related to unilateral conduct enforcement, including unilateral conduct in the context of relevant market definition and dominance, market power versus market share, quantitative methods in market definition, best practices in defining relevant markets, evaluation of remedies and commitments, ex-ante enforcement, ex-post evaluation, as well as future challenges in unilateral conduct enforcement. The workshop will bring together competition authorities, NGAs, and invited experts for in-depth discussions and exchange of experience.

The final agenda will be made available soon. For now, the preliminary agenda is available via workshop website below. Participants are kindly invited to stay tuned for updates via the website.

In this context, we would also like to reiterate that each NCA may nominate up to two NCA participants and one NGA participant per jurisdiction. We therefore kindly ask NCAs to manage the selection and registration process accordingly and to either register nominated NGA participants on their behalf or forward this invitation email to them, as it will not be sent to NGAs separately but only to NCAs. This limitation will apply only in the event that the workshop reaches full capacity and may be revisited after the initial registration deadline. The **deadline for participant registration is Monday, 16 March 2025**.
